**Subject:** Our thanks and an opportunity to offer feedback regarding the Merseyside School Games Summer Festival.

**Dear team manager,**

On behalf of the organising committee for the Merseyside School Games we wanted to thank you for taking time out of your schedule to bring your team along on Friday 8th July to the event. Without the passion and commitment of school staff to support young people, both throughout the year, and on the day of the event these kind of sporting opportunities would not happen. We are grateful also for the support of your head teacher in getting behind the School Games programme and enabling you to offer the opportunities it brings to the children.

The event on Friday saw a grand total of 1367 young people from across Merseyside. The standard of competition was once again extremely high and, should you like to take a look at the results by borough, along with a review of the event, you can find this by clicking the link below:

We do hope you and your team enjoyed your day with us.

Kind regards

The Merseyside Sports Partnership team.
