Dear Mrs Johnson

I walk my dog regularly through Birkenhead Park between 8.00am and 8.45am. Most days I see pupils from your school walking through the park.

I am an ex secondary school teacher and I have to say that I am extremely impressed with your pupils. Their uniforms are always smart and when walking with other pupils they talk together quietly.

I have also encountered pupils as they are walking to the school along Bessborough Road. It would not be the first time that they have stood aside to let me past. On occasions I have let them through and they have always said thank you.

I have always said that I should write to tell you of my impressions but today I saw something extra. As I was walking across the bridge in the park 4 of your boys were there and I wondered what they were doing. It then became clear that they were throwing bread or biscuits into the lake for some ducklings and some Coot chicks.

The pupils I see are a credit to your school and more importantly to themselves.

Yours sincerely ^
